

APPENDIX 13

Module 1 - Simple Processing Of UK or ROI produced assured cereals (see S16.1) (wheat, barley, and oats only) Combinable Crops

| No. | Requirement | Guidance |
|------------|---|-----------------|
| R | <p>The Storekeeper may process UK or ROI produced assured cereals (S16.1) (wheat, barley, and oats only) and assured UK or ROI maize from assured sources and suppliers provided that:</p> <p>Processing is by simple rolling, cutting, crimping or grinding without the use of heat, steam, extrusion, pelleting or mixing. No addition of ingredients is allowed other than potable water.</p> <p>The processing operation is to be carried out by operators who have received appropriate training. A training record must be kept.</p> <p>The processing operation is to be considered within the site HACCP study.</p> | |
| R | <p>There is a written plan for routine inspection and cleaning of the processing plant which must take place at regular pre-determined intervals. Records of inspection and cleaning must be kept. Records of processing of each batch are kept, to show:</p> <ul style="list-style-type: none"> • Date of processing • Quantity processed <p>Records of the processed cereals are to be kept. Packaging records must allow identification of the specific processed batch and conform to current legal requirements.</p> | |
